

SUCCESS!!

“I began receiving chiropractic care from Dr. Stacey Dent during my pregnancy. When I first began treatment with Dr. Dent I had several conditions and symptoms I needed to be treated for just as: pregnancy, symphysis pubis disorder (SPD), heartburn, hip and back pain. I had suffered with these symptoms my entire pregnancy. I also tried yoga to help with relieving my symptoms during my pregnancy.

The thing I liked most about the chiropractic care I received was the RESULTS! It is friendly and effective care that works! I had immediate pain relief. It is holistic care for my whole body that helped my mind, body and spirit.

I received many wonderful results from chiropractic care. I had gotten pain relief, better alignment, and had a faster/easier birth with my 2nd baby and hopefully with baby #3.

I would 100% recommend Dr. Dent and the Harbor Bay Clinic of Chiropractic to anyone! The staff at Harbor Bay Chiropractic Clinic are excellent! They are very kind and flexible.”
